ABOUT VERBENA

Verbena is a moderately fast-growing plant that is perfect for hanging baskets, containers, and mass plantings. It comes in a variety of colors and is highly attractive to butterflies and other pollinators. This vibrant plant adds beauty and ecological benefits to any garden.

WATER

Prefers moderately moist soil. Can tolerate some drought.

LIGHT

Full sun, 6+ hours per day

BLOOM TIME

Summer - Fall

MATURE SIZE

9-12 in. tall,
12-18 in. wide

FERTILIZATION

Fertilize once per month with a balanced fertilizer.

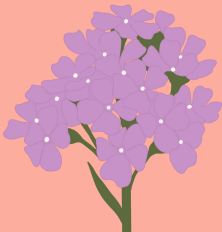

Always follow package instructions.

SOIL

Thrives in moist, well-draining soils amended with compost

CARE TIPS:

Verbena plants are susceptible to powdery mildew and may attract common pests. Pests can be treated with insecticidal soaps. To minimize powdery mildew, water at ground level to avoid getting water on the leaves of the plant.
